HYDRO signs exclusive licence agreement for supply of Trent 1000/7000 engine stands with Rolls-Royce

HYDRO has signed an exclusive licence agreement for the supply of T1000/7000 APS (All Purpose Stands) with Rolls-Royce, the world's largest manufacturer of aero engines for commercial aircraft, regional jets and the business market.

For HYDRO it is a fantastic achievement to supply Rolls-Royce and our customers of the Trent 1000 and Trent 7000 engines with a uniquely universal, multifunctional engine stand. With the new T1000/7000 APS (All Purpose Stand) OEM, airline & MRO customers can safely transport both the Trent 1000 and Trent 7000 engines, by air freight, truck or ship.

“I am delighted and honored that Rolls-Royce have taken this long-term commitment with HYDRO. With the newly validated T1000/7000 All Purpose Stand we continue to serve Rolls-Royce and our Aftermarket customers with the best possible product in the market. This contract is one more important milestone in our flourishing relationship with Rolls-Royce” said Dr. Thomas Rupp, EVP Tooling.

Finally, the hard work of the international HYDRO team that designed and engineered the stand, working hand in hand with Rolls-Royce design team, has paid off. The recent validation completion was an exciting moment for us all.
