HYDRO Strengthens Partnership with Liftsafe and JB Roche, Extending Aviation Maintenance Solutions in the Americas

HYDRO is thrilled to strengthen its collaboration with Liftsafe Group of Companies and JB Roche in delivering their cutting-edge aviation maintenance solutions to the Americas. This strategic partnership comes at a pivotal moment, with the MRO aviation industry experiencing remarkable growth.

Liftsafe, based in Canada, is servicing HYDRO products in the Canadian market. Liftsafe shares the same high-quality standards as HYDRO, making this collaboration a perfect fit. With Liftsafe's expertise and knowledge of the Canadian market, customers can expect top-notch service and support for their HYDRO products.

"HYDRO has been a valuable and integral strategic alliance with Liftsafe since 2013. Their experience, knowledge and reputation has been critical to the success of our aviation division and to providing fall protection solutions to maintenance technicians globally. Not unlike our Aviation slogan, "Safety in the air, starts on the ground", it is these critical strategic relationships that allow us to deliver exceptional products and services that keep passengers, crew and technicians safe around the world", explains Doug Boccabella, VP Business Development, Liftsafe.

At Liftsafe, the focus is creating engineered solutions that ensure employees are safe from falling accidents and falling objects. From design to implementation, they offer an extensive line of maintenance ladders and stands which are used to service the aviation, transportation and aerospace industries. After all, "Safety in the air, starts on the ground".

JB Roche, based in Cork, Ireland, offers a unique range of patented encapsulation solutions, including IglooMX® Engine, Nose, and Fuselage shelters, as well as CompShop® Mobile Cleanrooms. These innovative solutions provide protected environments for maintenance work, regardless of weather conditions, allowing customers to get the job done efficiently and effectively.

As part of the collaboration, HYDRO USA is proud to provide on-the-ground product support in the Americas on behalf of JB Roche. This partnership will enable customers to access JB Roche's cutting-edge encapsulation solutions with the added support and service provided by HYDRO USA.

In addition, HYDRO is pleased to offer maintenance shelters on a loan basis, further enhancing customer support and convenience. This collaboration between HYDRO, Liftsafe, and JB Roche underscores a shared commitment to delivering top-quality products and services to the aviation maintenance industry in the Americas.

"We are thrilled to collaborate with Liftsafe and JB Roche in providing our products and services to the Americas," said Stefan Kramarczik, VP Sales of HYDRO. "With Liftsafe's expertise in the Canadian market and JB Roche's innovative encapsulation solutions, we are confident that our customers will benefit from enhanced support and service. This partnership aligns with our commitment to delivering high-quality solutions for the aviation maintenance industry."

"We are proud to work with HYDRO USA as our partner in the Americas," said Ian Nagel, Managing Director of JB Roche. "Their commitment to customer service and product support aligns with our values, and we are confident that this collaboration will provide exceptional solutions for the aviation maintenance industry."
