MILITARY PRODUCT OVERVIEW

WITH HYDRO YOU ARE IN SAFE HANDS!

With over 50 years of experience in the military aircraft industry, we are the single source that can meet all of your requirements. We have a strong passion for precision. Our whole life cycle solutions are designed to perfectly fit your needs, from the development of turn-key systems, the manufacturing of Ground Support Equipment and Tooling, and a diverse range of services. We measure our success based on the complete satisfaction of our customers.

Privately owned and financially strong, our global presence makes us always available at your site. We foster an atmosphere of operational excellence, so all of our employees, processes and products are strictly focused on supporting you and your safety.

Our business units include:

GROUND SUPPORT EQUIPMENT

HYDRO stands for ultimate precision in GSE support. Our passion for precision doesn't just refer to precision in every detail, it means that we precisely provide products that are fully aligned to the needs of OEMs, airlines and maintenance facilities around the world. Before we launch a new product, it has been rigorously tested in harsh operation conditions. We set standards with uncompromising safety, total

functionality, reliability, longevity and user-friendliness. That's why professionals trust in our products.

PRECISELY THE PROFESSIONAL CHOICE

AIRFRAME AND ENGINE TOOLING

We understand and accompany every tool throughout its life cycle, supporting it to perfection from cradle to grave. Every tool has a life, and we create, manage and support this life. Our well-known design capabilities, global supply chain presence, and project management experience in supporting OEMs from requirement capture to operation readiness and validation make this possible. We not only make

tools to fit for function, we go the extra mile so you don't have to.

IT'S NEVER JUST A TOOL

ENGINE TRANSPORTATION

Safeguarding your valuable Engine assets requires a whole chain of events to be carefully managed, which is simplest with a HYDRO engine transport system at the very heart of your operation.
