ENGINE STAND REPAIR - ENGINE STAND REFURBISHMENT - ENGINE STAND RECERTIFICATION

ESR ENGINE STAND REPAIR - ENGINE STAND REFURBISHMENT - ENGINE STAND RECERTIFICATION

There are over 800 Rolls-Royce owned engine transportation stands in use worldwide. Every engine stand has a service life of up to 25 years. During this time, it is subjected to harsh conditions in a variety of locations. Rain, snow, wind and high humidity can all have detrimental effects on the engine stand.

Engine stands transport engines that are worth millions of dollars. They must be available when required and have to be 100 % perfect every time they are used. The successful delivery of an engine is highly reliant on the engine stand availability, which is our expertise.

WHY CHOOSE HYDRO ESR?

- Official Rolls-Royce ESR licensee
- Worldwide service-center presence
- Outstanding on-time performance, even at short notice
- Short turnaround time
- Fully managed service
- Customized solutions on most engine stands in the market

HYDRO has, on multiple occasions, gone the extra mile in support of our engine stand service needs. Fast, reliable, approved and with the highest quality of service on-site and in the administrative engagement, always first class support. Whether the stands are at our main operating base or at one of our external storage locations. Very highly recommended. Thanks on behalf of the Airtanker team.

+ FULL COMPLIANCE AND CONFORMITY

We will help you to be fully compliant with all standards, legal requirements and regulations.

OUR ESR-SERVICES

We recommend a yearly service followed by a full inspection every time you utilize the engine stand. HYDRO can repair, rework, or refurbish your engine stand to the original OEM standard. We are flexible, reliable and knowledgeable. We manufacture engine stands on a large scale, including

our very own Rolls-Royce Trent 1000 All Purpose Stand (APS) to exacting specifications, that's why we have a complete knowledge of engine stands. We are the world leader in multi-type Engine Stand Services.

REFURBISHMENT	PROOF LOAD TEST	REPAIRS	FULL SERVICE
AOG RESPONSE SERVICE	STORAGE	STATUTORY INSPECTION	ASSET MANAGEMENT
SERVICE BULLETINS & OEM UPGRADES	REPLACEMENTS (shockmounts, wheels pallets etc.)		

Never lose sight of your engine transportation stands again: We know that your equipment comprises of an extremely wide variety of engine stands located at various facilities. This can make managing them a daunting task. To make things easier and enable you to focus on your core activities instead, we can keep track of which of your engine transportation stands require annual service - with the use

of highly efficient software and workflows. You can always rely on HYDRO no matter where you are in the world. We are local and global.

Besides Rolls-Royce, a wide range of Airlines and MROs already trust in our Engine Stand Refurbishment Service.

ENGINE TRANSPORTATION STANDS COVERED

Since 2007 HYDRO has been servicing Rolls-Royce engine transportation stands for different engine types. Depending on the engine type and the purpose, various types of engine

transportation stands are available, including Basic Engine Stands, Whole Engine Stands (WES), Split Engine Stands (SES), and All Purpose Stands (APS).
